

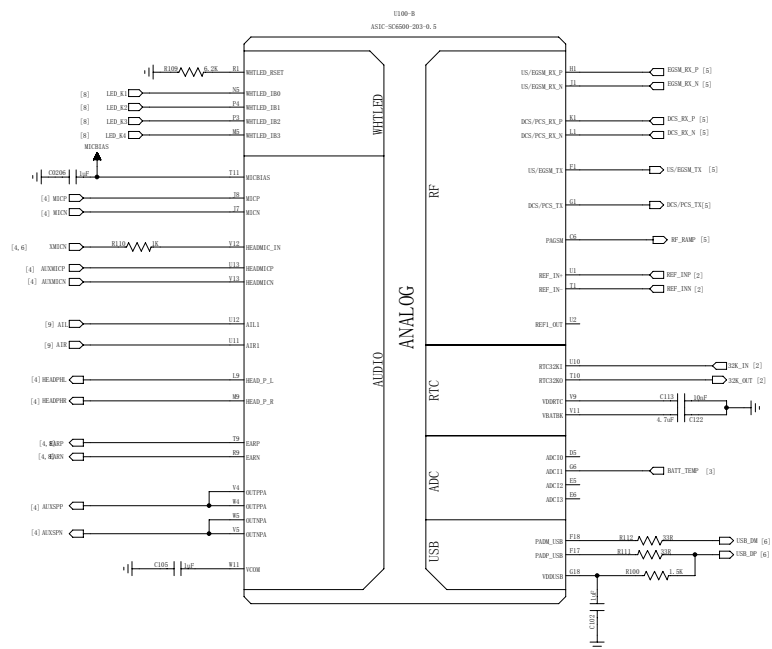

Figure 1 illustrates the experimental design with four groups (I, II, III, IV) and their corresponding stimuli and responses. Each group is represented by a square containing a circle, which is further divided into four quadrants. The stimuli are labeled H1, H2, H3, and H4, and the responses are labeled R1, R2, R3, and R4. The groups are arranged in a 2x2 grid, with Group I at the top-left, Group II at the top-right, Group III at the bottom-left, and Group IV at the bottom-right. Each group has a unique stimulus and a unique response.
